

## **INSPIRATION PAR ORIGINE [INSPIRED BY OUR ORIGIN]**

### **THE RHÔNE VALLEY**

The river that feeds the Pic house is the Rhône. From alpine meadows to the Mediterranean, the Rhone has multiple identities, and the vines that it has sprinkled since Roman times bear names that have accompanied the Pic cuisine, just as their winegrowers have followed them since the Auberge du Pin. This is why Rhône wines have a prominent place in this book.

The Rhône is also a crossroads of cultures. It teaches us the openness to other territories, and gives us the daily appetite for discovery. That is why it is also important for us to serve and honor the great terroirs of different countries, as well as to communicate the admiration we have for the work of their producers, materialized in the tasting.

We have no limits or boundaries: we travel, we taste, and we bring to your table. In meetings with growers, including wine tours, we focus on the story and intent behind each product, which is our story. This concerns wines, but also all the other drinks of our houses: teas, coffees, spirits, which we invite you of course to discover with us. For Anne-Sophie Pic's travels are for the sole purpose of satisfying her curiosity, then your palate. "

Bonne dégustation!

# KRUG

## Ambassadors

Since 1843 the House of Krug proudly cultivated the markedly individual character of their exceptional Champagne. Over 170 years ago, Joseph Krug broke with convention to follow his vision. To create the most generous expression of Champagne every year, climatic unpredictability. Joseph's bold experiment proved a triumph and he succeeded in creating Champagne like never before. And like no other Champagne House since. To this day, the House of Krug lives and breathes his enduring philosophy, creating only prestige Champagnes since 1843.
